

**ASAP Ultimate Skin & Body Care™**

American Biotech Labs® originally designed this gel for major wound care, but in testing found that people were reporting incredible results with the product for numerous cosmetic applications. For this reason management developed a new version to be used as a cosmetic. The new cosmetic product is named ASAP® Ultimate Skin & Body Care. As the name denotes, ABL management feels this product is, in fact, the ultimate skin and body care product ever created. The ASAP® Ultimate Skin & Body Care product is a cosmetic gel product that only claims it "Helps Promote Natural Healing". The active ingredient is ABL's patented ASAP SilverSol Technology™ at a powerful level of 24 ppm of silver. It has already become a necessary ingredient for many women's daily skin-care routines, as it helps heal and instantly makes their skin feel noticeably softer.

The ASAP® Ultimate Skin & Body Care product is a highly advanced product that helps in natural wound healing. Numerous studies have already been completed using the product to help alleviate skin and body discomfort and speed natural healing. Two reports have been issued by a large cancer clinic, stating that the product soothes the pain and irritation on burns the patients receive when being treated with radiation, and the heal times have been exceptionally fast.

ASAP® Ultimate Skin & Body Care is not greasy, contains no alcohol, and if rubbed into the skin, will absorb within 2 minutes, leaving the skin with a wonderful soft, non-sticky feeling and in hand-scrub tests it helped to keep the skin clean (red free of bacteria) for up to four hours after application.

There is no other product on the market like ASAP® Ultimate Skin & Body Care and you'll find it at SGMC.

**E-CLOTH = Cleaning without Chemicals**

The exceptional cleaning power of E-cloths and water provides a revolutionary way to

clean. Cleaning without chemicals is good for the environment and significantly reduces health risks in your home.

E-cloth fibres, 1/100th the width of a human hair, give a deep and smear free clean by breaking up and holding grease and dirt which ordinary cloths leave behind. With just a few E-cloths and a splash of water, you can clean your whole home..

Stop in to get the whole story and your E-Cloths today!

**Swine Flu Alternative Info**

With all the hype about the Swine Flu Pandemic and also the seasonal flu in the main stream media and from the government, it's hard to know what to believe.

In order to give you some fact based information on both flu's we've created a new page on our website at [www.solanco.com](http://www.solanco.com) (select the Health/Wellness top menu and then select Flu Information) with some links to various sources of information that you are not likely to see in the media. We will add additional links and information as new information becomes available.

We think that you will find the information valuable and enlightening. And while we're on the subject of the flu and you're looking for an alternative solution we would recommend that you consider Influenza Multi-Strain Flu Medicine™ from King Bio which is the most complete homeopathic formulation for a broad spectrum of flu-like symptoms. It has no negative side-effects or interactions with other medications. It contains 19 active homeopathic ingredients including Swine (H1N1 Type A virus) and Avain (Type B virus) that address multi-strain viruses along with bio-engetically enhanced™ water (taste-free). It also includes all the current and historical human-derived strains of influenza.

Influenza Multi-Strain Flu Medicine™ from King Bio is a safe, natural, effective alternative for your whole family to use prophylactically or in response to symptoms. Get some for your family today and of course ask us if you have any questions.

This information is neither a recommendation nor diagnosis for disease. We make no health claims regarding the information presented here. This information is a starting point in your interest to be a better informed consumer of natural health products. We look forward to being a resource for you.
